MAKE IT WONDERFUL

# MAKE IT WONDERFUL

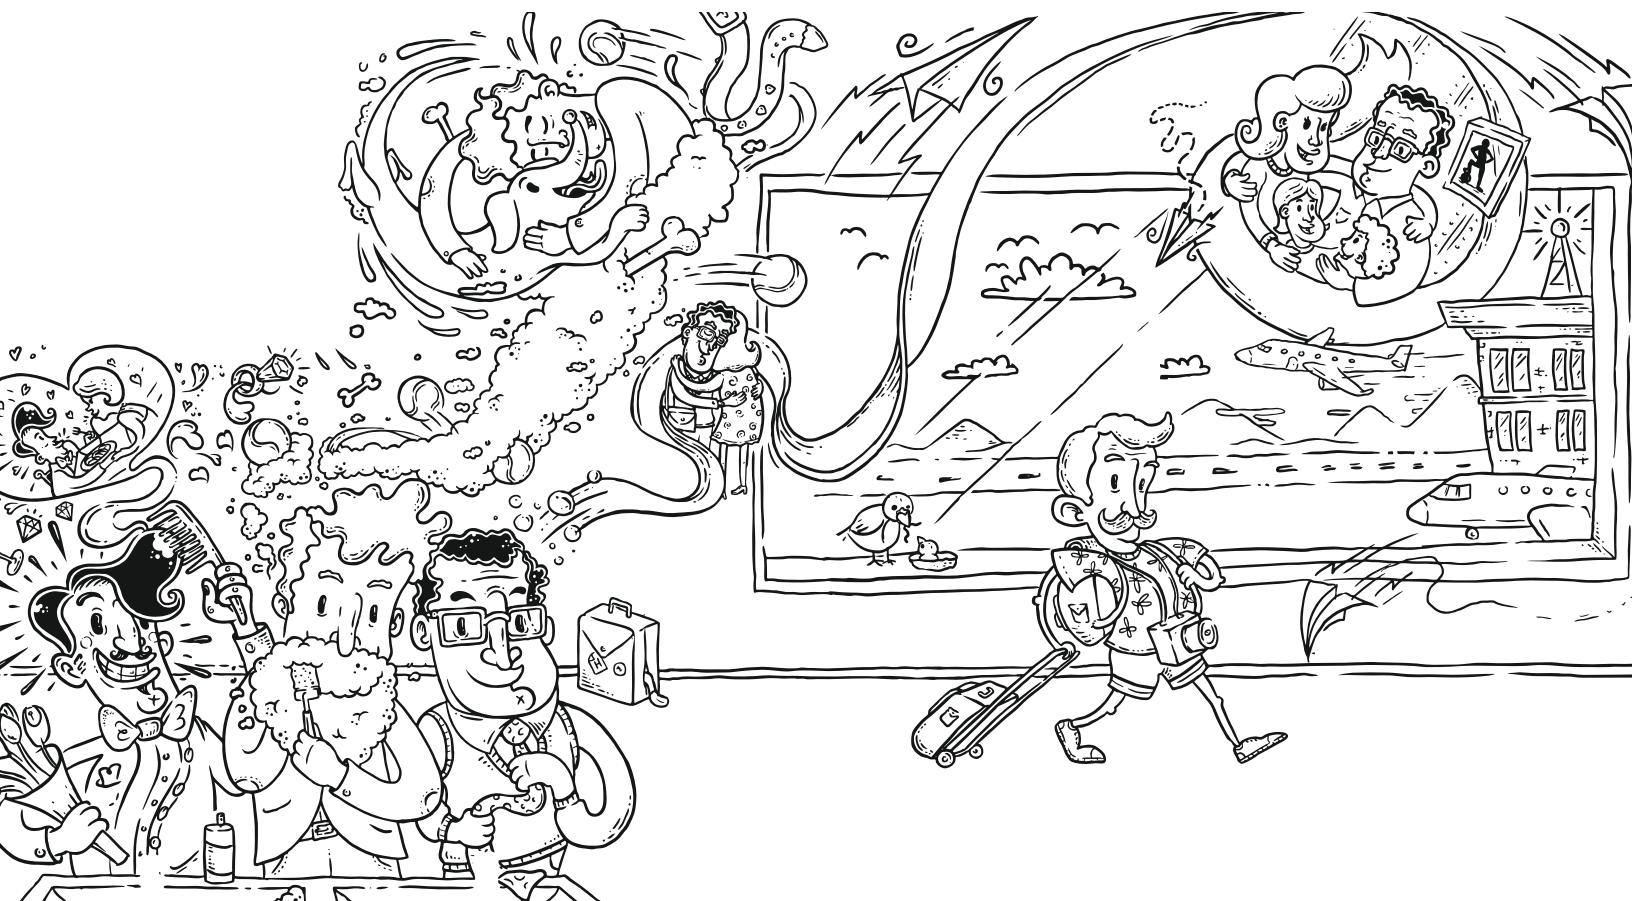

## What does it mean?

We want to show the world that Franke can mean making everyday life less ordinary - for our business partners and consumers alike. Our aim is to spotlight the relevance of our products in the everyday lives of people around the world. We want to put a smile on the face of everyone who comes into contact with our products and services. Our new branding is an expression of our passion to organize your everyday routine more efficiently.

But, colorful illustrations and strong words alone do not cut it. We are determined to work with you to find solutions independently in the event of a problem. We stand behind our product; we are accountable. Franke is not just a company, but a team of motivated employees and a brand name recognized around the world for our kitchen systems, commercial systems, coffee systems, and food and beverage systems. Instead of Commercial Systems or Kitchen Systems in the future, we will be simply be called Franke.

**Where did the idea for these illustrations come from?** The line drawings, are a type of "Where's Waldo" picture puzzle which visualize in a very creative, playful way ideas or musings of all the things that can be done with our products. Doodles are widespread and hugely popular. Everybody likes to doodle while making telephone calls and during conferences. Doodles are created on any available slip of paper. We do this while we are busy doing something else. It's part of our nature. Renowned illustrators from around the world were commissioned to create the art.

**But, does this style actually suit Franke and its industrial products?** Absolutely. Of course, this fresh, emotional brand appearance is unusual for our industrial environment But...we consciously wanted to create a gentle contrast. Our products are largely used in rather uninspiring places. The doodles with their organic shapes engage in a beautiful interplay with our products and fill our business environment with life.

# CONDITIONS, POLICIES & PROCEDURES

---

## Pricing

All prices and product specifications are subject to change without notice resulting from occasional changes to product design. All prices are suggested list, and are shown in U.S. dollars.

## Taxes

All federal, state or local taxes will be added to the invoice when applicable.

## Payment Terms

Standard payment terms apply: 2% - 30, net 45.

## Freight

Orders for 10 pieces or more of any combination of Franke Commercial sinks and accessories in the continental United States, qualify for prepaid shipments to one destination.

## Loss or Damage in Transit

Our liability ceases upon delivery of the goods to the carrier at our factory. Claims resulting from damage or loss in transit are to be made by the consignee against the carrier. We monitor the performance of our selected carriers to ensure quality service.

## Returns Policy

Any returned goods must be accompanied by a RETURN GOODS AUTHORIZATION which must be provided by the sales representative in your territory. If the goods are not defective, a 25% restocking fee will be assessed by our representative upon inspection. Custom made sinks are not returnable.

## Limited Warranty

Franke will, at its option, repair any defective product, replace any defective product or refund the purchase of any defective product covered by the warranty set forth on the LIMITED BUYER WARRANTY page.

## Procedure for Custom Sink Ordering

Requests should be accompanied by a thoroughly completed copy of the check list as furnished in the CUSTOM SINKS section. A sketch would be helpful in many cases. Job names and quantities must be provided. A quote will be returned, based on the information you provide. An approval drawing will not be prepared until we receive a purchase order, at which time we will prepare the drawing and return it for approval by the specifier. Allow up to 48 hours for generation of the drawing. Production will not proceed until Franke Commercial has received the signed approval drawing.

## Product Certification

Franke Commercial Systems is committed to product certification. We strive to have all our products designed and certified to meet all applicable standards. Refer to our PRODUCT CERTIFICATION page for more details.

## LEED Statement

The Green Building Certification Institute (GBCI) team of LEED® Accredited Professionals have performed a benchmark analysis of Franke Commercial Systems' sink ware and determined that these products may:

1. Improve Building Durability
2. Reduce Demand for Raw Materials
3. Improve Indoor Environmental Quality

GBCI believes that several characteristics of Franke Commercial's sinkware are congruent with green building principles and, as such, these products may be considered applicable to high performance buildings and also may contribute meaningfully to green building projects that pursue a LEED® Certification. For full details of your selected product, feel free to contact us.

## Quality System Registration to ISO 9001 Environmental Management System ISO 14001

## SANIGUARD® Product Protection

The addition of SANIGUARD® product protection is available for sinks in this catalog as well as custom fabricated sinks. However, we only recommend this coating be added to hand wash basins. The use of sharp utensils or heavy equipment can chip and mar the treated surface. See our SANIGUARD® PRODUCT PROTECTION page for more details.

To receive a quotation on the application of SANIGUARD® Product Protection to other Franke Commercial products, please contact our **Commercial Quotation Specialist**, Tracy Irvine, by fax at 1-866-440-2250 or telephone 1-855-526-0503 or email [commercial-info.us@franke.com](mailto:commercial-info.us@franke.com)

## NOMENCLATURE GUIDE

3\_ and the size of the holes .....

**Provide a sketch if necessary.**

**NOTE:** Type 316 wastes are supplied with Type 316 sink bowls.

**Drain Position:**  Center  Center-Back  
 Back-Right  Back-Left

## CUSTOM FABRICATION CAPABILITIES

---

Modifications can be made to most of our standard products.

We offer a wide range of custom products.

- Countertops
- Drop-In & Undermount Sinks
- Drainboard Sinks
- Scullery Sinks
- Wallmount Hand Wash Stations
- Surgical Scrub Stations
- Mop Sinks (Janitorial)

All of our custom fabricated products are polished to a #4 satin finish and can be made to meet the material specification you require (T304 or T316, T316L, 14 to 18 gauge). Continuous weld construction is available for pharmaceutical applications if required.

If you can sketch it, we can build it. As a general rule of thumb, the more information we receive with custom fabricated product requests, the better! Visit our website to find explicit details for requesting specific types of custom fabricated products.

## SANIGUARD® PRODUCT PROTECTION

---

The addition of SANIGUARD® product protection is available for sinks in this catalog as well as custom fabricated sinks. However, we only recommend this coating be added to hand wash basins. See our product catalog for more information about SANIGUARD®.

For a quotation please call our Commercial Customer Service Manager, Tracy Irvine, directly at 1-855-526-0503 (USA)
